Currently, IRSC administers the P.E.R.T., National SAT and National ACT exam. The P.E.R.T. is offered daily at each campus. There is a \$10 testing fee for the entire exam and \$10 for an individual subtest. Photo identification is required. Testing schedules are available online at www.irsc.edu and at all IRSC campuses.

Certain restrictions apply to the number of times you may test. Please see the Assessment Center webpage for specific details.

In accordance with state law, the third time students register for a college preparatory class or for a college credit class, they will be assessed the full instructional cost.

EXCESS HOURS ADVISORY STATEMENT

Section 1009.286, Florida Statutes, establishes an "excess hour" surcharge for students seeking Baccalaureate Degrees at state universities. It is critical that students, including those entering Florida College System institutions, are aware of the potential for additional course fees. For the 2012-13 academic year and thereafter, "excess hours" are defined as hours that go beyond 110% of the hours required for a Baccalaureate Degree program. For example, if the length of the program is 120 credit hours, the student may be subject to an excess hour surcharge for any credits attempted beyond 132 credit hours (110% x 120).

All students whose educational plan may include earning a Bachelor's Degree should make every effort to enroll in and successfully complete those courses that are required for their intended major on their first attempt. Florida College System students intending to transfer to state universities should identify a major or "transfer program" early and, by the time the student earns 30 semester hours of college credit, be advised of admission requirements for that program, including the approved common prerequisites. Course withdrawals and/or repeats, as well as enrollment in courses nonessential to the intended major, may contribute to a potential excess hours surcharge.

Please schedule an appointment with your advisor to create an academic plan that ensures you enroll only in courses needed for your program so that you can avoid extra costs when transferring to a state university.

Participate in a life-changing experience

PUERTO RICO March 22 - 28, 2013

Scheduled during Spring Break 2013, this experience will immerse students in the study of humanities and astronomy. Students will arrive in San Juan to explore Puerto Rican culture, customs, language and history by day. At night, students will learn to locate, identify and track constellations and star patterns that are not visible from IRSC's more northerly latitude. Highlights will include a guided tour of the world's largest telescope at the Arecibo Observatory and day trips to experience Puerto Rico's cities, historical sites, and natural wonders.

BRAZIL May 11 - 18, 2013

Business Study Abroad in Brazil will focus on international business and marketing, providing students with a first-hand opportunity to experience cultural differences between the U.S. and Brazil while touring Rio de Janeiro and Sao Paulo, visiting several Brazilian companies and gaining valuable insights into global business and commerce.

EUROPE May 7 - 23, 2013

Economics and Math in Europe will focus on the nations of Germany, Austria, Italy, Switzerland, France and England. This experience will enable students to understand, compare, and apply economic, mathematical and statistical concepts that influence the U.S. and European global, social and cultural points of view. Students will have the opportunity to gain a first-hand perspective on the dynamic European Union and its critical impact on the world economy. Cultural highlights will include visits to Europe's great cities, including London, Rome and Paris.

COSTA RICA June 23 - July 6, 2013

Students will have the opportunity to earn college credits in Spanish and nursing applicable toward an Associate or Bachelor's Degree, enhance their Spanish language skills, and participate in hands-on service learning activities - all while experiencing the beauty and culture of Costa Rica during this two-week Study Abroad program. The students will be based in Heredia, Costa Rica and surrounding locations, gaining the opportunity to live, work and learn side-by-side with residents of this region. In addition to taking on-site classes in Spanish, students will gain deeper knowledge of nursing care, customs and culture through service in health care agencies or other institutions specific to their career interests.
